	Local	\$30,000						\$30,000					
	<b>Total</b>	<b>\$150,000.00</b>						<b>\$150,000.00</b>					
Work Task Schedule	Jul	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	
	2021						2022						

### Purpose

To review alternative solutions to enhance the transit system in Terrebonne & Lafourche Parishes in an effort to better service existing riders, make the system more attractive to choice riders, improve the efficiency of services, and expand transit service where appropriate.

### Previous Work

While this is a new task, it builds on previous planning efforts such as the Lafourche Transit Feasibility Study.

### Methodology/Activities

- Project Management Committee Meetings & Coordination
- Public Participation: Development & Implementation of a project specific Public Participation Plan
- Project Timeline & Kick-off meeting
- Development of Feasibility Study
- Develop Report Documents
- Presentations to Public Bodies (Regional Transit Committee, Policy Committee, Parish Councils)
- Quality Control & Assurances
- Project Administration & Management
- Travel, lodging, and meals associated with this task
- Applicable equipment and software associated with this task

### Work Product

- A written report detailing the feasibility of expanding and enhancing the Good Earth Transit system throughout Terrebonne & Lafourche parishes including a list of recommendations and responsible parties.

### Funding Note

This task to be paid for through a mix of previous unspent MPO FTA PL allocations, FTA funds directly to Terrebonne Parish, and local matches from Terrebonne & Lafourche Parishes.
