

American Recovery and Reinvestment Act of 2009

Louisiana's Transportation Stimulus

LA Hwy 308 and Tiger Drive Intersection

Map courtesy of Microsoft® Virtual Earth™ 2009

Background:

LA Hwy 308 intersects with Tiger Drive within the corporate limits of the City of Thibodaux. LA Hwy 308 is a two-lane road and is one of the main east-west corridors through the heart of the city. It is heavily traveled by motorists traveling westward to Baton Rouge and eastward to New Orleans. LA Hwy 308 also connects the western side of Thibodaux and Assumption Parish to Nicholls State University. Tiger Drive is a two-lane roadway and provides access to the city's public high school (Thibodaux High School) and a major industrial yard (John Deere).

Proposed Improvements:

- Re-stripe roadway to provide southbound left turn lane, and thru/right turn lane on Tiger Dr
- Northbound left turn lane on Tiger Dr Bridge (new three-lane bridge by others)
- Eastbound left turn lane on LA Hwy 308
- Westbound left turn lane on LA Hwy 308
- Estimated Construction Cost: \$ 125,000.00

Project Summary:

- **Will** increase left turn safety on Tiger Dr and LA Hwy 308 and reduce accidents
- **Will** ease congestion at the intersection and improve the level of service of the existing signal
- **Will** improve the City of Thibodaux's infrastructure system
- **Can** meet the ARRA's required schedule
- **Will** be delayed significantly without ARRA funding

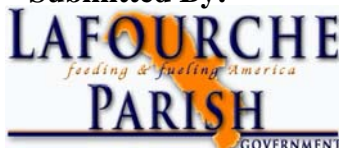

Southbound Tiger Dr

Eastbound LA Hwy 308
